Study at the Abat Oliba CEU University Barcelona (AEET Programme)

Who is it aimed at?

The AEET Programme is aimed at undergraduate students who want to study for a semester or a whole academic year at the Abat Oliba CEU University.

The Universitat Abat Oliba CEU, constituted as a private university in 2003, is one of the three universities promoted by the Fundació San Pablo CEU. We have been training professionals for more than 40 years.

We have a unique academic offer; in which internationalisation has a growing importance. In addition to the wide degree, double degree and bilingual degree offer, the UAO CEU relies on its vast experience with its master's degree programmes, postgraduate studies, specialisation courses and doctorate programmes. All these studies complete an excellent academic approach.

The Universitat Abat Oliba CEU cares about giving its students a complete training in order to face their personal and professional challenges, with their own solid judgement. For this reason, the UAO CEU opts for a differential academic model, based on the permanent connection between student and teacher, and on the implantation of innovative teaching methodologies.

What does the programme offer?

The AEET programme gives students the opportunity to enrol in any course offered at the undergraduate level. The university currently offers 9 bilingual degrees:

- Degree in Law + International and European Law Practice
- Double degree in Law + Political Sciences
- Degree in Business Management
- Double degree in Business Management + Economics and Management (International Business)
- Degree in Journalism
- Double degree in Journalism + Political Sciences
- Degree in Early Childhood Education
- Degree in Primary Education
- Double Degree in Early Childhood Education + Primary Education

Students can also enrol in free Spanish courses (up to Upper-Intermediate level), and free Catalan courses (Elementary level). They can also take advantage of special fees to study English at the British Council.

The UAO CEU offers a personalised treatment to its students, by assigning them an academic tutor who orients them and gives them advice on their study plans.

At the UAO CEU, class attendance is compulsory (80%) and the assessing system is based on continuous evaluation.
